

SCHOOL/SCHOOL ACTIVITY

Multi-Function School Activity Bus (MFSAB)

ENGINEERED TO EXCEL

Since 1967, Collins Bus has been manufacturing innovative products for the ever-evolving school bus industry. That includes the Multi-Function School Activity Bus (MFSAB) that's engineered to excel in a wide range of applications. Available as a non-CDL activity bus when transporting 14 or fewer passengers, the Collins MFSAB is flexible to fit the needs of your team, class or club. Make it the most valuable player of your fleet.

MFSAB Features

- Non-CDL when transporting 14 or fewer passengers
- Collins' exclusive external storage compartment
- 5-year body warranty and limited lifetime paint warranty
- Innovative electrical system offers easy-to-access service points
- Altoona-tested, simulating 7 years and 200,000 miles of wear

Ready for the Road Ahead

Collins MFSAB activity buses deliver the versatility you need for every trip. They're expertly engineered with best-in-class maneuverability and no-compromise features and floor plan options so you can specify the right bus for your needs. Like all Collins buses, we carefully build our MFSAB buses to be the safest in the industry.
