**Productivity  
Powerhouse.**

Introducing the UBT2524 Tilt Deck Trailer from Brandt. This trailer delivers an impressive 49,850 lb of payload capacity, 8.5' wide deck, and a total length of 38' consisting of a 24' tilt deck and 6' dovetail. With fast, effortless loading and long-lasting components, this is a trailer you can count on every day.

**① Higher Productivity**

This versatile, high-capacity trailer can get everything you need to the jobsite all year long:

- 49,850 lb capacity can handle mid-sized or multiple pieces of compact equipment in a single load.
- Secure any payload with 6 pairs of D-rings, 16 welded J-hooks, and 8 sliding 3-bar winches.
- Customize your trailer with a rugged pneumatic ramp, the ideal solution for low-clearance equipment.

**② Increased Durability**

Top-quality finishes on the UBT2524 have the durability to keep your operation running smoothly:

- Premium protected wiring and LED lights ensure reliable electrical performance down to -50°.
- The 6" C-channel cross members pierce the I-beam frame for increased rigidity and lower deck height.
- Three 25,000 lb axles provide support for large payloads.

**③ Easy to Own**

With industry-leading customer support and service, the UBT2524 is the easiest trailer to own:

- You are guaranteed unmatched support with our coast-to-coast network of full-service branches.
- Access exceptional service 24/7/365 from the Brandt Customer Support Center.
- Finance your way with flexible purchasing options including lease, rental, and conventional.

Powerful Value. **Delivered.**

## Auto-Locking Deck

Self-locking mechanism secures the deck for transport as soon as it is returned to the horizontal position.

## Extra Storage Space

Locking toolbox in the tongue of the trailer provides a convenient location for tools, chains, and more.

## Premium Fir Decking

High-quality hardwood decking lasts longer than pressure-treated options and provides a safe working space.
